Second Chance Education

A European wide online platform for second chance education is built as knowledge and quality centre. The developed tools create the opportunity to think and act borderless in European second chance education. The centre will upgrade national developments to a European, transversal, setting: further education of teachers, qualitative benchmarking of schools, tools for working with beneficiaries and validation of international placements are at the heart of the centre.

OUTPUTS
• Good practices for teaching/training
• Assessment for teachers/trainers and educational organisations
• E-Portfolio for international mobility and placements
• Professional development training database for teachers/trainers
• European community of teachers/trainers in second chance education
