

Final event Second Chance in education

Brussels, 23 June 2016

Ufficio Regione Siciliana in Brussels
12, rue Belliard, 1040 Brussels, Belgium

Preliminary programme

This one half day event brings together policy makers, partners and practitioners involved in the second chance and working young people.

Digital Second chance Opportunities – DISCO is an online knowledge and quality centre where digital assessment tools, good practice and training in second chance education can be shared and will be made available to practitioners, policy makers and all involved in second chance education.

On the <http://www.secondchanceeducation.eu> you can find a good practice, Mobility section and professional development.

A European wide online platform for second chance education is built as knowledge and quality center. The developed tools create the opportunity to think and act borderless in European second chance education. The center will upgrade national developments to a European, transversal, setting: further education of teachers, qualitative benchmarking of schools, tools for working with beneficiaries and validation international placements are at the heart of the center.

Results

- An online grading system for good practices in second chance education to prosper European exchange of the best tools, methods and curricula
- An online assessment tool for (continuous) organizational benchmarking and improvement of second chance education providers
- A tailor-made e-portfolio tool to validate (international) placements in second chance education
- An user driven and demand led European community of teachers and trainers to share and create a European area of second chance education
- A training database for continuous education for teachers/trainers to prosper competence development, increasing knowledge and sharing of ideas
- A self-assessment tool for teachers/trainers in second chance education for personal reflection and professional development
