of Technical and Vocational  
Education and Training

# HVET and Higher Apprenticeships

Workshop 3

Moderator: Hans Daale

Rapporteur: Nacho Camacho

LakeComo  
EfVET 2018

# Overview of the workshop

Small group with participants from 8 nationalities, with a very different situation regarding HVET.

- Some countries with HVET level 5 structured
- Some countries with difficulties to get it done
- Some countries with individual excellence practices, reaching level 5 and even 6 within HVET

# Conclusions

- HVET Level 5 EQF is needed, and feasible. It should be reached differently in each country and not at EU level
- It should be structured on Work based learning. “industry experience”?
- Explore individual experiences across Europe and set your appropriate roadmap
