Generating ideas

Participants at the workshop shared their ideas with us. Have a look at the below and do not hesitate reaching out to them in case you would like to explore further

Building and construction and design thinking

For more details reach out to:
Lene Sandholdt
EUC Syd
lbs@eucsyd.dk

Organising a studytrip for each other (making an interesting programme), project about culture tourism, project with students who have re-orientation on the study choice, and open for other ideas

For more details reach out to:
Odyle de Roos
MBO Amersfoort
oess@mboamersfoort.nl

Creating a co-teaching online network to share best practices and methodologies

For more details reach out to:
Tanja Halttunen
Axxell Utbildning Ab
tanja.halttunen@axxell.fi

Sharing knowledge about 3D printing and creating parts in cooperation with other schools. We are open to other kind of cooperation. Webpage: www.tolosaldea.com

For more details reach out to:
Juan Luis Nazabal
CIFP TOLOSALDEA LHII
jlnazabal@tolosaldea.com

Create a training methodology on how to implement blended & virtual mobilities. This training could be addressed at both educational staff and mobility coordinators/providers/managers as well as at companies especially those managing already trainings for their employees and need to get digital. It might also be important to create an extra value by involving to the consortium a standardization organisation like ISO, which can give to this methodology the chance to offer credits once the training finalised

For more details reach out to:
Niki Kladi
C.O.P.A.E. ILIS
nikikladi91@gmail.com

Low threshold whatsapp groups with partner schools, for students to share info on a weekly basis. Info like personal presentation, school presentation, curriculum, culture in the country, etc.

For more details reach out to:
Carolien Laeijendecker
Graafschap College
c.laeijendecker@graafschapcollege.nl

Blended mobility involved VET audiovisual and graphic students practices. It is a great opportunity for students and teachers

For more information reach out to:
Raúl Martínez Ramón
IES PUERTA BONITA
raulmartinez@iespuertabonita.com

Collaboration on Sustainable Development goals - at least two schools should participate. Use eTwinning as the platform for the project results and let students interact on WhatsApp or any other device that is accessible for them during the process

For more details reach out to:
Malene Olsgaard
Zealand Business College (ZBC)
olsg@zbc.dk

Online preparation sessions for the teachers, where int. coordinators are mediators; start small

For more details reach out to:
Roxana Dam
EUC Syd
rfd@eucsyd.dk

ForeignFriends model (already launched) for blended mobilities; International coordinator has a lot of friends all over the Europe and now it is time to make more new friendships between teachers and students also.
